

QUALITY MATERIALS. COMPETITIVE PRICING. FAST DELIVERY.

Ug Plast's solid polycarbonate sheets are made from strong, lightweight thermoplastic synthetic resin material that is extruded into solid sheets. Solid polycarbonate is highly impact resistant and provides a higher insulating property than glass while also being significantly more durable. Solid polycarbonate is ideal for construction, architecture, roofing, and glazing applications and is known for its ease of installation and its ability to be cut, drilled, and shaped without cracking or breaking. Ug Plast's solid polycarbonate sheets come with double-sided UV protection and a 15 year warranty.

Solid Polycarbonate Benefits

- Highly impact resistant
- Energy efficient
- High light transmission
- Lightweight
- Easy to install
- Recyclable
- Buyback Program

Solid Polycarbonate

Features

- Double-sided UV protection
- Cut to size
- 15 year warranty
- Available to ship in 3 to 4 days

Benefits

- Highly impact resistant
- Energy efficient
- High light transmission
- Lightweight
- Easy to install
- Recyclable
- Buyback Program

Applications

- Architecture
- Construction
- Glazing
- Acoustic barriers
- Greenhouses
- Skylights
